

Who is using AbsoluteProof and what do they have to say?

A screenshot of the Galvanic Printing and Plate Co., Inc. website. The header features a logo with a stylized 'G' in blue, green, and red, followed by the text "GALVANIC Printing and Plate Co., Inc. a graphic solutions company" and the slogan "We've got the right attitude". A navigation menu on the left includes links for Home, What is Attitude?, Services, Customer Service, Contact Us, Upload Files, TechTalk, and Links. The main content area contains two paragraphs of text and a photograph of the company's brick building. The first paragraph states: "Since 1910, Galvanic Printing and Plate Co., Inc. has combined quality and craftsmanship with the very latest technology. Today our tradition lives on — as a complete solution for your printing needs." The second paragraph states: "For over 90 years, we have built a reputation for service based on integrity and devotion to high-quality printing. We help our clients make the best use of their materials by integrating the latest electronic technologies with personal involvement, a combination that cultivates a true and lasting relationship." The photograph shows a two-story brick building with a sign that reads "FLEXI/GALVANIC" above the entrance.

"Using AbsoluteProof, we can now supply our client's clients with an accurate proof that doesn't exceed the gamut of the press".
